

Teens To Go Camper Profile

Dear Parents:

This is the exact information that is available online at the "Complete Camper Profile" link that you had received. However, some of the recipients had problems during login. We have contacted the company that handles our registration program, and they said they have "fixed" the problem. However, as we all know, there are always glitches. So, we have this "old fashion" techniques as a backup. This form is provided to avoid further wasted time and frustration to you. If you will fill out the form, we will manually enter the information that you provide to us.

This "Complete Camper Profile" has a lot of important information that we need. Some of it is required by the State Dept. for our licensing, some by the insurance company, but mainly the information is needed for the **safety** of your camper. We hope that we never have to use it, but in case of an emergency, it is important that we have the accurate information. So, please take the time in filling this form out completely. Any of the fields that are highlighted in **RED** are **REQUIRED**. Any that are in **BLUE** are **OPTIONAL**.

A separate form is needed for each camper. However, if a camper is going multiple sessions, only one form is needed.

Directions: Print this form out. Then enter the information directly into the spaces – **PLEASE PRINT** – we want to make sure we enter in the correct information. Then you can mail it back, or fax it back to us. We will then enter the information to your account.

Please indicate any other information that we should know about the camper: _____

Picture Release

We will be taking pictures and videos of the campers partaking in the camp activities. We may use these to promote our programs (flyers, Teens To Go website, magazine and newspaper ads, . . .). Most of these are group shots. However, sometimes individual pictures may also be taken. Please let us know if you do NOT want your INDIVIDUAL camper's picture used in an advertising/promotional manner. Please understand that this release DOES NOT apply towards group shots since singling out a participant would be difficult to do when we try to capture the essence of the camp experience.

_____ You MAY use my campers INDIVIDUAL picture/Video for advertising/promotional purposes.

_____ Please DO NOT use my campers INDIVIDUAL picture/Video for advertising/promotional purposes.

After Camp Dismissal

Please understand that many of the staff have other obligations and depend on the campers being picked up on time. We understand that there are times when circumstances are out of your control. If something does happen, please call us (phone numbers will be provided). If you are late picking up your child, more than once, we will have to enforce **late penalties** (\$1/minute after 15 minutes - per child). If you know you will not be there on time on a regular basis, you can choose the option of having your camper left unattended at the end of the day.

Please check one:

_____ After the program, my child does NOT HAVE permission to be left unattended. I understand that if I am late, late penalties will be issued and will need to be paid.

_____ After the program, my child HAS permission to be left unattended. We understand campers are NOT permitted to be inside any buildings. I further understand and assume FULL responsibility of my child and his/her action's – including monetary damages.

Carpool Information Release

We understand it is sometimes hard to coordinate to pick up and drop off your child at the time needed due to work, appointments, other children, and many other factors of a busy life. So we have a carpool data base.

Please check one:

_____ I give permission for you to share my name, phone, number, and email with any other parent interested in the session/location as my camper.

_____ No, I do NOT authorize you to give out my information for carpool purposes.
